Town boundary
Village boundary

Data sources:

- Zoning district boundaries are based on the Town of Rockingham Zoning Bylaws. These boundaries were amended on June 9, 2009. Data depicting the location of zoning district boundaries were developed by Windham Regional Commission in close consultation with Rockingham's Zoning Administrator. In many cases, these boundaries are coincident with, and were derived from, features represented in other 1:5000-scale GIS data.

- Parcel boundaries are taken from 1:5000-based AutoCad data developed by Russell Graphics, Corning, NY in 1999. The locations of these boundaries are approximate, and any errors in the data have not been corrected.

- Data on streets were originally developed using by MapMaker Photogrammetric Services, St. Albans, Vt. in 2002. These data have been edited by Windham Regional Commission in 2005.
